MAFES DAWG TRACKS

Whether you dig, trench, or bore in the ground as part of your job, or as a necessity as a homeowner, you should first dial the numbers **811** here in Mississippi or 800-227-6477. At least two to three days ahead of any excavating, to have all underground utilities located and marked free of charge.

Consequences of unsafe digging include:

- Risk of serious injuries and death.
- Fines and repair costs to fix the underground utility line(s).
- Interrupted services such as electricity, gas and water.

Mississippi 811, Inc. (MS811) is a non-profit organization providing underground utility notification service under Mississippi Code of 1972, Chapter 13, Sections 77-13-1 through 77-13-23. MS811 is a computerized information center located in Jackson which establishes a statewide communications link between those who dig (excavators) and those who own and operate underground facilities (operators) in Mississippi. The information center is funded by member utility companies operating or maintaining underground facilities throughout the state. Members of MS811 are operators engaged in the Communications, Gas Transmission, Gas Distribution, Electric Power, Products/Pipeline, Municipal Gas/Water/Sewer, cable TV, and other industries.
